

Doug Stone

New York, New York

Data Engineer at Better.com

dougastone@gmail.com - +1 646-678-1507

Summary

Experienced data management professional with a demonstrated history working across data engineering, data science and data analytics. Passionate about using data creatively to build and power meaningful products.

Experience

Data Engineer at Better.com

March 2019 - Present (7 months)

Head of Data at ExecThread

May 2018 - March 2019 (11 months)

Manager (Data Analysis) at Apple

July 2013 - May 2018 (4 years 11 months)

Designed and implemented algorithms to support data management for the public transit feature, focusing on scalable and high velocity data integration, internal tools and anomaly detection.

Director of Data Management and Analytics at HopStop.com

June 2012 - July 2013 (1 year 2 months)

Focused on optimizing the sourcing, QA, processing, and organization of the vast streams of data powering HopStop, while improving the mobile and web applications through analysis of user data. Efforts included building processes and automation around the updating and validation of data inputs, optimizing database design, and designing scalable algorithms to process the information. Strove to make sense of a large variety of information types and to build algorithms on top of these sources that learned from the rapid influx of data. Overall goal was to cultivate a data strategy that allowed the business to grow in an agile, scalable, data-driven fashion.

Manager at Novantas

July 2009 - June 2012 (3 years)

Management consultant with expertise in pricing and risk management strategy for financial services clients. Led projects that used customer data analytics to build models that optimize pricing strategy and liquidity measurement capabilities for clients. Focused on helping banks optimize yield based on customer price elasticity, and also on refining A&L liquidity duration

measurement, both in consulting projects, and in productizing IC into the development of analytical platforms.

Senior Associate at Novantas

June 2007 - July 2009 (2 years 2 months)

Associate at Novantas

September 2005 - June 2007 (1 year 10 months)

Education

Cornell University

BA, Economics, 2001 - 2005
